American Stronghold

The flag and the school, side by side they stand, symbolic of what has come to be known as the American way of life. The building, with its sturdy brick walls, and the flag with its colors of red, white, and blue present a challenge to every American student . . . that we insure this, our free way of living.

Our school today is more important than it has ever been; for our country, too, this is a vital period. But it is for the future that we prepare—the future, when we may inaugurate an America at peace.

As a loyal student of North Side High School, I will
try to be

Our School Code

Reverent and respectful,
Eager for education,
Dependable in face of duty,
Self-reliant,
Kind and courteous,
Impartial in judgment,
Neat in appearance,
Sincere in every endeavor,
for only by upholding these ideals, will I be a true Redskin.

Administration

Mr. Merle J. Abbett, superintendent of our public schools, helps prepare for the future by providing good schools. A friend and a helper of all students, Mr. Abbett is also a booster of the school sale of war bonds and stamps and is the chairman of the program for their sale in Allen County.

Ever-ready to give financial and moral support to North Side's students and activities is the P. T. A., an organization whose members are parents and teachers. Founded to promote cooperation between parents and teachers in the promotion of the general welfare of the student body, this organization has fulfilled its purpose.

Officers and chairmen of the P. T. A. are as follows: seated, Mrs. J. C. Vanden Berg, Mrs. I. L. Seaney, Mrs. G. M. Irmscher, president, and Mrs. S. Gregory; standing, Mrs. H. G. Helmuth, Mrs. H. A. Robinson, Mrs. E. H. Moeder, Mrs. W. E. McGahey.

With scarcely a minute in his terrifically busy day to lean back in his swivel chair, Mr. Milton H. Northrop still finds time to talk with students and to share a hearty laugh. Well known for his infallible sense of humor, Mr. Northrop's best known characteristic is the fact that his glasses are usually perched on his forehead rather than on his nose.

Today he is busier than he has ever been. His office on Tuesday morning is a-hum with activity, for it is the center of the bond and stamp buying program of the school. Mr. Northrop himself is the head of the war activities at North Side and much of the credit for our large and varied war program belongs to him.

He can usually be found in his office at the left of the front entrance, ready, willing, and able to assist students in any difficulty.

North Side's Student War Council was organized last year, but already it is serving as a co-ordinator of war activities at North Side. The various charts and other war posters are taken care of by council members. This year the War Council has sponsored the sale of approximately \$150,000 in war bonds and stamps.

The members of the council are, left to right, standing: Mary Ann Dye, Margaretta Horner, Gene Shambaugh, Lloyd Vogel, Don Munger, Mrs. Maryann Chapman, Miss Bernice Sinclair, Phyllis Krumbigel, and Miss Hazel Plummer. Seated: Beverly Crowell and Dick Nichols.

Miss Victoria Gross, dean of girls, smiles as she finishes an interesting letter from a former student. Although Miss Gross' hobby is traveling, her many activities give her little time and gas rationing allows her but few coupons for taking trips.

Guides to Better Living

"The purpose of all our guidance work is to help pupils to be happy in school, not to be happy-go-lucky. We try to help students to realize that happiness which comes from the satisfaction of a responsibility well met, a lesson carefully learned, a task well done, or a service rendered to others"—Miss Victoria Gross.

North Side's genial dean, Miss Victoria Gross, serves as head of the Guidance Council, directs all guidance classes, and organizes programs. Through her close contact with students she is able to discover and to adjust the problems that arise daily. Ready with a smile and able at all times to help and counsel students, she can usually be found in her office at the right of the front entrance. She is the person to see for the solution to a perplexing problem. All club activities are under her general supervision and she serves as adviser to the student council in addition to her numerous duties as dean.

The Guidance Council has helped many students out of difficulties.

The members are: Miss Hilda Schwehn and Miss Mildred Huffman, seated; Mr. Everett Pennington and Mr. Rolla Chambers, standing.

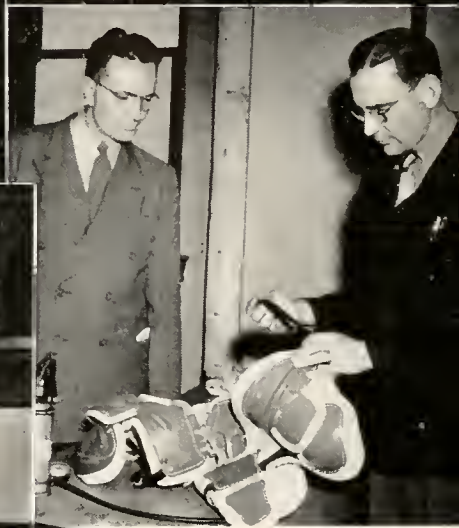

First Row: With a background representative of their professional interests, Miss Ethel Shroyer and Miss Geneva Burwell, librarian and teacher of English, respectively, discuss the latest addition to the library.

Mrs. Grace Bridges and Mrs. Maryann Chapman, teachers of business, discuss techniques of typing.

Second Row: Probably planning for another splendid musical program are Mr. Robert F. Shambaugh, assistant director, and Mr. Varner Chance, director of music.

Mr. Rolla P. Chambers, director of athletics, and Mr. Robert Dornite, football and basketball coach, prepare for a Redskin athletic season.

Center: Miss Mary Waller, secretary to Miss Victoria Gross, and Miss Elizabeth Little, English department, enjoy a respite from labor.

First Row: Tightening things and practicing what he teaches is Mr. Tourist Thompson, industrial arts instructor.

Business, always business, is exemplified by Mr. Leslie E. Reeves, head of the business department and school treasurer.

They know and they show how it's done! Miss Martha Beierlein and Miss Agnes Pate are both teachers of home economics.

Second Row: Miss Bernice Sinclair, art and English teacher, and Miss Bertha Nelson, head of the foreign language department, were snapped in the club room.

They have their paddles—but not to use on the students. Mr. Loy C. Laney, speech and English teacher, and Mr. J. Robert Sinks, social science teacher, relax at noon by playing a skilful game of ping-pong.

First Row: Alert representatives of the English, language, and business departments, Miss Mabel Greenwalt, Miss Judith Bowen, and Miss Oral Furst, respectively, pose graciously for the Legend photographer.

Realistically putting themselves in the students' places are Miss Julia Storr and Miss Irene Miller of the English department.

Second Row: Miss Marie Ehle, Spanish and English, and Miss Loraine Foster, Latin, discuss linguistics.

Mr. William Simon, business, Mr. Harold Thomas, and Mr. Glen Gordy, mathematics, enjoy a well-earned rest.

Center: Miss Margaret Spiegel and Miss Hilda Schwehn, physical education instructors, seemingly enjoy comparing notes in the gym office.

First Row: Mrs. Gretta Grisell, visiting teacher, searches for the records of some North Side students.

Interested in the latest bulletin is Mr. Merton G. Kimes, head of the social science department. Looking as if he were pondering over the same bulletin is Mr. John Morris, mathematics.

Second Row: Miss Hazel E. Plummer, teacher of social science and director of defense activities, and Miss Vesta Thompson, instructor of botany, relax and visit during the noon hour.

Efficient Miss Mary E. Steiner, secretary to Mr. Milton H. Northrop, takes a message—just one of her many duties as guardian of the office.

First Row: Miss Mildred Huffman, English instructor, Mrs. Ella B. Clark, attendance and study hall instructor, and Miss Katharine Rothenberger, social science instructor, look up from their school duties for a moment to be snapped by the cameraman.

Second Row: Mr. John DeLong, social science instructor, and Mr. Howard Michaud, biology instructor, talk over the day's problems.

Mr. John Mertes, Mr. Sherman Pressler, and Mr. E. L. Pennington, business, physics, and mathematics instructors, respectively, take it easy for a moment between classes.

Center: Mr. Hyrle Ivy and Mr. Rollo Mosher, swimming teacher and social science teacher, respectively, look over the latest comic section.

First Row: Miss Margery Suter, dramatics instructor, pauses between curtains for a taste of her omnipresent coffee.

Miss Marie Miller and Miss Venette Sites, mathematics teachers, have the students going around in circles.

Second Row: Mr. Albert Coil, English instructor, and Mr. Ruthford Smuts, industrial arts instructor, relax during the lunch hour.

Mr. Noel Whittorn, physical geography instructor, and Mr. Harry Thomas, industrial arts instructor, discuss the world situation.

Top Row: Mr. Reeves jokes with his assistants, Abbie Banet and Sally Cruse. . . . For once we've caught Messrs. Dornte and Sinks loafing on the job.

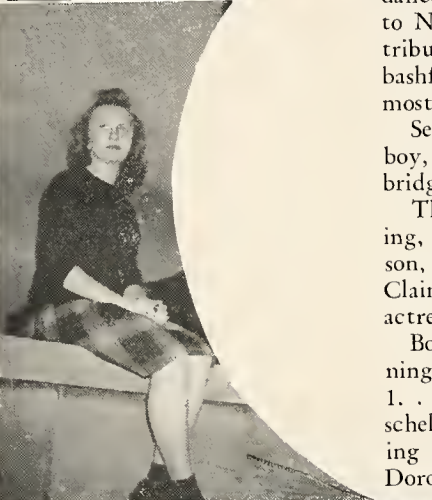

Second Row: Mr. Ivy is caught in a devilish mood. No, not the iceman—just Mr. Whittern lugging ice cream for the fans. Mr. Gordy smashes one over the net.

Third Row: Somebody has detention. . . . Mr. Thompson, mechanical drawing expert, vigorously goes about his work.

Classes

Top Row: Shirley Olson, noted for her fine personality and sense of humor, jokes with Wayne Linnemeier, male humorist, and Norma Self, best dancer. . . . Lila Childers, best athlete, sends boogie to Nadine Waggoner, best citizen and girl who contributed most to the school. . . . Doris Hofer, most bashful, Jim Ringle, best dancer, and Nancy Saylor, most likely to succeed, look to other honors.

Second Row: Gene Shambaugh, most courteous boy, and Mary Ann Dye, prettiest girl, perch on bridge. . . . Sally Cruse, most popular gal.

Third Row: Charlotte Buesching, tops in speaking, and Louie Andrews, best athlete. . . . Alice Carlson, most outstanding member of class, Joan McClain, most courteous, and Priscilla Fortmeyer, best actress. . . . Sid Lyons, Doris Lare, studybugs.

Bottom Row: Notorious woman hater, Dave Benninghoff, and Gene Himmelstein, public speaker No. 1. . . . Bill Hinga, most handsome, and Tom Deitschel, most engaging personality. . . . Most outstanding member of class, Jim Field. . . . Prettiest hair, Dorothy Lemmert and Bill Cunningham.

This, Our Last Year . . .

By JOAN McCLAIN

Senior class officers and advisers are, standing: Tom Dietschel, secretary-treasurer; Dick Horning, social chairman; and Dave Benninghoff, vice-president.

Seated: Mr. Loy C. Laney and Miss Margaret Spiegel, faculty advisers.

Jim Field, president of the senior class, now attends Harvard University and for this reason is not in the picture.

December 7, 1941—the most memorable date in the history of our four years at North Side. The changes brought by war were felt by all of us, but we soon acclimated ourselves to this situation. We realized that study and hard work were necessary so that we might become leaders in the future world of peace.

Despite changes, our class had its share of fun—games, dances, parties. And, along with the fun we had our sad moments too when we realized our boys would be leaving soon for sundry branches of the service.

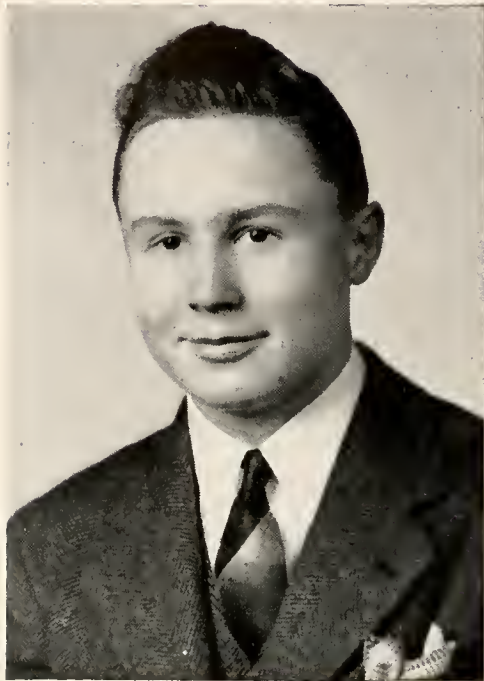

This, our last year, was the best of all. We were the leaders of the school. We looked to our class officers for guidance. Jim Field, as president, ably led our class with the help of Dave Benninghoff, vice-

president; Tom Dietschel, secretary; and Dick Horning, social chairman. Our officers in turn looked to our class advisers, Miss Margaret Spiegel and Mr. Loy C. Laney, for further guidance.

On January 20, at the Trinity English Lutheran Church, we started our merry whirl of senior functions. "Intermezzo" was the theme of our senior banquet. June 2 we forgot that we were seniors and lost our dignity as we paraded about on the annual "kid day". The following night our Commencement Dance was held. Our baccalaureate service was held June 4.

Then the day arrived when all our dreams came true. On June 6, we proudly accepted our diplomas as the reward of four years of study and pleasure at North Side.

War Activities

Upper Left: The Model Airplane Club has made many contributions to the war effort by constructing model airplanes to be used in various army and navy training stations. First row: David Martin, Dick Sowers, Mr. Tourist Thompson, Harry Papier, and William Lloyd. Second row: Don Munger, Fred Toenges, Ronald Trim, Jim Crance, and John Parker.

Upper Right: Warren Boitet is showing Dan Grant the intricate workings of a lathe. This training is in preparation for active war work.

Lower Left: Mr. Pennington is busy selling stamps and bonds to the patriotic members of his home room.

Lower Right: Bob Staight, Bill Hatfield, and Al Silk—three more boys learning the fundamentals of machine shop work.

The student body of North Side, as well as alumni who are giving their lives for our country, has resolved to do its share toward victory. Since buying stamps and bonds, though most important, is not enough for the youth of America to do, a model airplane club was organized to aid the government, and classes for both boys and girls are maintained to train them for war production positions in the factories of Fort Wayne.

Upper Left: Preparing in mechanical drawing for a future war position is Bob Seeley. This is another of the many opportunities offered to boys interested in war production work.

Upper Right: Representatives from North Side's Victory Corps participate in the Memorial Day parade.

Lower Left: Looks like fun. Paul Bruggner and Donald Doster are acquiring a knowledge of the art of forging.

Lower Right: The result of the old jewelry campaign, conducted by the Red Cross before Christmas, holds the attention of a group of members who are sorting the jewelry.

As it is impossible for all students to do actual physical labor toward the winning of the peace, many drives were held during the year so that all could contribute to the war funds. The Red Cross jewelry drive was such a great success that the student body was inspired to greater efforts. A War Chest Drive and a Red Cross Drive for the aid of all American doughboys resulted. North Side went "all out" in these drives and, as usual, doubled its quotas.

Classes in mechanical drawing are maintained for future draftswomen and draftsmen; however, the military drill class at North Side is strictly for men.

An inspiration for the entire student body is the gold star posters received by some rooms for each \$2,500 purchased in war stamps and bonds.

The result of maintaining a one hundred per cent purchase of stamps and bonds throughout the school year is the Minute-Man flag which waves so proudly beneath the Stars and Stripes before the entrance of North Side in the picture below.

Top Right: Jean Hoffman, Betty Spaulding, and June Snyder concentrate on drafting in Mr. Thompson's drafting class for girls.

Bottom Left: Student Council representatives from home rooms 100% in the buying of war stamps and bonds receive plaques at a victory assembly.

Bottom Right: Boys in military training classes demonstrate drill proficiency in Armistice Day parade.

Top Left: North Siders ride in jeeps in the Armistice Day parade.

Top Right: Students listen attentively to a WAVE during the Navy Day assembly.

Bottom Left: Military training classes give boys the fundamental knowledge of handling guns and drilling.

Bottom Right: Members of the Rifle Club are, kneeling: Carrol Ruben, Eugene Sordelet, Dick Blum, Don Scott, Tom Crosby, and Don Roush; standing: Jack Powers, Richard Eiler, Dick Werling, Richard Reighter, Norm Johnston, Jack Baxter, Arthur Garrett and Dean Kesler.

Soldiers, sailors, marines, WACS and WAVES throughout the year related thrilling experiences to students who were soon to join their ranks. These stories spurred the student body to higher goals in the sales of stamps and bonds.

The Northerner sponsored weekly columns which kept the students in contact with their alumni in the armed services. These columns noted all changes in location, published letters from alumni, and called attention to all servicemen promoted, decorated, killed, or missing in action.

Uncle Sam requires that all high school boys participate in physical fitness and military drill classes—so physical fitness and military drill it is.

In military drill, boys are given opportunities at leadership, are taught the manual of arms, and are trained to fill regular army positions. The exercises in physical fitness such as running, push-ups, stretching, are used to develop coordination and strength.

Returning alumni state that these classes are similar to the work used in the armed forces. Not only does it keep the boys fit today, but it also aids them in army life tomorrow.

Top Left: Dave Stewart, Dick Lee, Don Jenne, and Dick Arick are proof of the benefits of physical fitness.

Top Right: Push-ups help build strong shoulder muscles, as these boys are finding out.

Lower Left: Another exercise practiced by the physical fitness classes.

Lower Right: The boys in swimming class are taking time out for a game of water tag.

Lower Left: With the help of other classmates, the girls put into play muscles that are not often used.

Lower Right: "Rocking horse" was fun when we were in kindergarten but now it has an added purpose of building strong muscles.

Uncle Sam also requested physical fitness classes for girls. Various exercises have been prescribed by the Federal government that are to increase the vigor of America's women. Though probably few girls will serve in the various armed services for women these classes are important to their health today.

Life on the assembly line in a war production plant in Fort Wayne will be a cinch after this strenuous course. It is important that the future citizens of the United States are well trained, not only mentally, but physically, and no one recognizes the fact better than Uncle Sam.

Top Left: Dick Reinhart and Dick Long experience war shortages—all in fun, of course.

Top Right: Cliff Voelker totes a gun as representative of the military training class.

Center: The boys learn how it's done by experience in physical fitness classes.

A typical American way of preparing high school students for self-government is the Student Council. Consisting of sixty-seven members, the Student Council is an integral part of North Side. Through its activities a better relationship is established between the student and the teacher.

For the benefit of all, particularly the freshmen, Get Acquainted Day was held February 11 with Dick Horning serving as chairman. The periods between classes afforded an opportunity for the students to have new acquaintances sign their tags. In the afternoon Mr. Varner M. Chance led the school in an old fashioned community sing.

"There is no Ceiling on Courtesy" was the theme of North Side's most successful Courtesy Week, March 6 to 10. A clever pantomime, expressing the discourteous and the courteous acts which take place at North Side, was given by a group of seniors under the direction of Miss Margery Suter.

Among the many activities scheduled for the year by the Student Council, the most outstanding was the annual Back to School Night at which members of the council acted as ushers. October 27, the president and the secretary of the council officiated at the installation ceremonies of the class officers. An Armistice Day assembly was held on November 11, and a Memorial Day program in May. Prospective freshmen made a tour of North Side in May and the Student Council members acted as guides.

The officers for this year were Gene Shambaugh, president; Jack Waggoner, vice-president; and Mary Ann Dye, secretary. In Miss Victoria Gross and Mr. Milton H. Northrop, advisers, the members found capable guidance and assistance.

Their Banner Still Flies

By BARBARA EVERSOLE

Field of white, cross of red—the standard of the National Red Cross and its subsidiary the Junior Red Cross—is a symbol of mercy to the helpless and needy in both war and peace. The Red Cross chapter of North Side considers this year as one of its most successful. The aim of the North Side Junior Red Cross, under the capable direction of Miss Judith Bowen, faculty adviser, is to achieve fitness for service in the school, community, and throughout the world.

In September, when the club began its activities for the year with a membership drive, Nancy Saylor and Barbara Rose served as co-chairman. As help was needed badly by the Fort Wayne headquarters several members responded to the request for volunteers and worked at the downtown office on Saturday mornings.

From November 15 to 23, the club conducted an old jewelry collection campaign, popularly known as the "A Tisket A Tasket, Old Jewelry Basket Drive", with Doris Long as general chairman. To bring cheer is another aim of the Red Cross, and, in December, the club put on an intense campaign for used games to be given to recuperating servicemen.

At Christmastime, the club filled gift boxes with soap, toothpaste, jewelry, and other articles to be sent to the children in England.

On January 15, the club sponsored one of its most unique social functions, the Sock-Hop, an after-game dance. Phyllis Dooley served as general chairman for the fete, which was a gigantic success. Those who attended danced in their stocking feet and had a wonderful time.

Also in January, the club held the annual March of Dimes Drive in cooperation with the National Committee on Infantile Paralysis. The school collected a total of \$225.00 and was commended on its fine work.

During the National War Fund Drive, the students of North Side contributed \$554.15, thereby exceeding last year's total by \$250.00. Many gave a dollar or more and became entitled to membership in the National Red Cross. Indeed, Donna Rousseau considered the cause to be so worthy that she contributed \$20.00.

At Easter, the club sold Easter seals for the unfortunate crippled children of the nation. With the aid of Miss Zook's art classes, it also made the covers for braille books.

North Side prepares for the future—at present, a future of uncertainties. Being optimistic, we look past the near future into the peace that must come. This is our theme, this is our future, and this is the goal that we, as Redskins, must obtain.

In the Legend, we, the class of 1944, have tried to uphold the tradition of fine yearbooks which has been established in former years. Much of the credit must be given to Jim Field, who planned this year's book, and to the entire major staff who did such fine work in their respective jobs.

All the members of the major staff are

indebted to the fine work of a group of behind the scenes workers—to them much of the credit for the quality of the book is due. The work of these people: Phyllis Edwards, Peg Watt, Virginia McGahey, and Virginia Erne, in addition to that of the major staff members, is not to be overlooked or forgotten. To Ted Michaud, Virginia Franke, Marilyn Pierre, Bill Laney, and Eleanor Heine, who served as class editors, another vote of thanks is extended.

To all the others who in their own individual way contributed so much to the success of The Legend, the class and the editor present this, the 1944 yearbook.

"There isn't enough copy! How are we going to fill up this space?" This frantic cry can be heard every Thursday morning in 113, issuing from the lips of the publisher, the faculty adviser, or the make-up editor. The persons in question are Betty Kochert, make-up editor, Miss Sylvia E. Bowman, faculty adviser, and any of the five publishers—Mary Julia Gottschalk, Virginia Krudop, Doris Lare, Margaretta Horner, and Lois Reinking—who have frequented the Northerner room during the 1943-44 school year.

This year's circulation staff hit a new high by obtaining a total of 1276 subscriptions with a school enrollment of 1340. The staff also smashed all previous records by obtaining twenty-five 100 per cent rooms.

One of the greatest changes in Northerner personnel was the loss, by resignation, of Miss Rowena Harvey, who for seventeen years supervised North Side publications. Miss Sylvia E. Bowman assumed her duties the first of January.

By winning the Gallup Award and the International Honor Rating, in September, The Northerner received the two highest honors in the Quill and Scroll contest. The Gallup Award was given the Northerner for the first time for its valuable record in war service.

The International Honor Rating is the highest that can be won by a high school newspaper. Because of its achievements in all of its various departments, The Northerner was classed as above superior. In the Columbia Scholastic Press Association contests, The Northerner took first place honors and was also awarded a special victory star certificate for outstanding service in the war effort.

The editors of The Northerner at the present time are as follows: Margaretta Horner, Jack Vandenberg, Lucille Lemke, Sid Lyons, Peggy Watt, Carol Havens and Dorothy Hoffman.

Top Left: Lucille Lemke, Nancy Lewis, and Dorothy Hoffman study the weekly news assignment list.

Wielders of Pen and Power

Good journalists are rare. For this reason 1500 Club and the honorary society, Quill and Scroll, are the goal of every ambitious journalism student. Only those who have garnered 1500 points, through work on publications are eligible for membership in 1500 Club; and only the outstanding senior journalists, who are also in the upper third of their class scholastically, may be members of Quill and Scroll, international honorary society. Fourteen seniors who were selected to membership this year include: Doris Lare, Mary Julia Gottschalk, Martha Dole, Sid

Lyons, Virginia Krudop, Betty Hartzell, James Field, Margaretta Horner, Dave Benninghoff, Lois Reinking, Mary Whinery, Joan McClain, Ed Blair, and Gene Himelstein.

Miss Harvey studies day's receipts.

Members of these two clubs lost this year, through resignation, their fine journalism teacher and friend, Miss Rowena Harvey.

Miss Harvey had served as adviser to the paper, the yearbook, and to these clubs for seventeen years. It was through her efforts that the outstanding qualities of *The Northerner* and *The Legend* were maintained.

Members of Quill and Scroll are: Seated, Doris Lare, Virginia Krudop, Mary Julia Gottchalk, and Joan McClain. Standing, Margaretta Horner, Betty Hartzell, Sidney Lyons, and Gene Himelstein.

¡Saludos Amigos!

By DORIS LARE

When you hear the haunting refrains of the tangoes or rumbas of our neighbors to the south, do you wish you could see the old gay spots of some of the gayest countries in the world? Pan-American Club members have a chance to study and to appreciate the beauties and the frivolities of our southern neighbor. A need for this has been steadily growing in the last few years as the importance of better hemispheric relations has been more thoroughly understood.

During this war period, the countries to the south are doubly important, for the supplying of the food and material that are so vital to the war effort.

Since Pan-American good-will has assumed a lasting and important place in the life of our nation and because the schools are never far behind in movements of such importance, Pan-American clubs have sprung up all over the country. Mr. Northrop subsequently asked Miss Hazel Plummer to undertake the task of organization. Membership in the club is invitational but every member must have a B average in subjects in social science.

Pan-American Club is unique. Each North, Central, and Latin-American country is represented by two students, a boy and a girl. These representatives study the customs, religions, dress, language, and other odd facts about their respective country and report on their research at the monthly meetings. After these reviews are given, a general discussion on current events is held and often a social period follows. Pan-American members learn in this way to appreciate the current activities in these countries because they can understand some of the whys and wherefores which underlie South American events and attitudes.

Activities of the club for this semester were under the capable direction of Joan Leighty, president. Assisting her were Doris Lare, vice-president; Doris Hofer, secretary; and Virginia Krudop, treasurer. Miss Plummer, as adviser of the club, greatly aided the officers with all plans and arrangements during the year.

On Pan-American's calendar, the biggest event of the year was the Pan-American Day assembly held on April 14. Colonel Clyde Dreisback, Fort Wayne's postmaster, was the guest speaker.

Small Fry Make

As the baby brother of National Forensic League, the Junior Forensic League, with eight years of outstanding achievement to its credit, has increased its prominence in speech activities. Ease in manner when appearing before a group of people, and good speech mannerisms are the objectives of the league.

Unlike the National Forensic League, the Junior Forensic League is not an honorary organization. From the freshmen and sophomores that make up the Junior Forensic League are taken by virtue of the points earned in intramural and inter-school activities, the members of the older, more experienced speech organization.

In spite of curtailment of inter-school activities because of wartime restrictions, the league, ably guided by Miss Irene Miller, has had another typically busy season.

For the bi-monthly meetings of the year, the chairmen, all of whom did fine jobs, were Glenna Peters, Jerry Angell, Adair Cummins, Carolyn Crosby, Walter Helmke, Althea Berning, Anita Berning, Frank Houlihan, Pat McComb, and Larry Colip.

Members of the Junior Forensic League have been very active in all fields of speech work: debate, extemporaneous, oratorical, dramatic and humorous declamation. As the only way to become successful in the speech field is through participation and experience, the younger "Speechmakers" are often as active as the National Forensic League members and quite as often gather the laurels. Those junior speakers who are now participating in debates for training as members of the varsity debate squad are Jerry Angell, Al Adams, Althea Berning, and Adair Cummins.

Members of the club elected Walter Helmke as president for the first semester. Other officers included Albert Adams, vice-president, Carolyn Pridgeon, secretary-treasurer, Marjorie Winner, historian. For the second semester, Jerry Angell served as president, while Rowene Crabill acted as vice-president, Betty Eversole as secretary-treasurer, and Glenna Peters as historian.

The success of the training of the Junior Forensic League is proved by the fine speakers that are now in National Forensic League.

Big Leaguers

By GENE HIMELSTEIN

Poise and a ready tongue characterize the National Forensic League member. From the league's roster come the foremost speakers of the school, city, and state.

Distinction is the keynote of, and success is second nature to this, one of the most illustrious of honorary societies, and one of the most popular clubs in the school. Perhaps the popularity of the club is largely due to Mr. Loy C. Laney, the club adviser.

In January the annual school-wide declamation contest was held with the preliminary eliminations producing the finalists who were the cream of the crop. Bob Bayer was awarded the senior award, while Bob Laws and Flo Ann Brown tied for the junior honor. Walter Helmke won the sophomore title, and Ted Michaud led the freshmen.

In the intramural field, South Side's annual invitational tournament was a grand opportunity for all who attended. In the oratorical division, Annabelle Baker placed first, Gene Himmelstein, second, and Marjorie Winner, third, while Flo Ann Brown took third in the dramatic declamation contest. In the extemporaneous contest Dick Horning, and Dave Benninghoff placed.

One of our most prominent speakers, Bob Bayer won the city and placed second in the district in the Fort Wayne American Legion Contest. The important Annual Rotary discussion confab was won by Gene Himmelstein.

Debate, an important part of National Forensic activities, had another fine season under the leadership of Mr. Albert A. Coil. The varsity debaters were Dick Horning, Jim Field, Dave Benninghoff, and Fred Hunter. These four stalwarts were backed up by Clarence Kopp, Thaine Ford, and Bob Northrop.

Students who led the club in the official capacities were Dick Horning, president, Vergie Lewis, vice-president, Victor McGuire, historian; Jim Field, treasurer; Norma Self, publicity chairman; and Eleanor Evans, point recorder.

The last large intramural activity was the Indiana District meet at Columbia City, April 14 and 15. In this, one of the most important N.F.L. activities of the year, Gene Himmelstein received first award in original oratory and Victor McGuire placed first in the humorous declamation division. Rena Miller placed second in the poetry division and Robert Bayer won second place in original oratory contest.

Service With a Smile

Bottom: Faithful Booster workers, Marilyn Pierre, Shiela Schomp, Jimmy Schwartz, and Joe Carkonard, discuss pep session plans with Mr. Noel Whittern, faculty adviser.

"Ice cream, pop corn, candy" is the cry raised by the energetic members of Booster Club as they circle the gym and football field during one of the season's games. For these loyal Redskins, with their badges of red and white, are always on the job, eager to serve the fans.

To carry out the club's many activities the following officers were elected: Marilyn Pierre, president; Lucille Lemke, vice-president; Alice Carlson, secretary; Sheila Schomp, point recorder; Martha Dole, Student Council representative; and Jeanne McGill, pep session chairman. To Mr. Noel H. Whittern, adviser of the club, falls the greater part of the brain work that comes with the increased activity of Booster. It is also to him that much of the success of the club must be given.

During the course of the year Booster members assisted in the sale of tickets for the Music Department programs. They are also responsible for the many new and popular selections which the North Side band played at the games, such as "Dinah," "Army Air Corps March," "Daybreak," and "Paper Doll." Yearly, Booster members are in charge of the arrangements for all home games. The gay red and white pom-poms distributed at the basketball games were made by thirty members of the club under the direction of Dorothy Winje. Instead of the Booster Club banquet, a Christmas potluck was held in the Booster room before the Central game, and was climaxed by the presentation of a gift to Mr. Whittern.

This year, as last year, Booster Club was included as a member of the Victory Corps. Earning 100 points, which entitled them to the special fifty-hour Victory Corps award were: Bill Lamson, Virginia McGahey, Marilyn Pierre, Susie White, Dorothy Leininger, and Jeanne McGill. These same people were also presented with a special "N" award for their outstanding service to the club, and other members who had earned from fifty to ninety-nine points were given the twenty-five hour Victory Corps emblem.

The service rendered this year by the Booster Club members has been of value not only to the club but to the school itself.

Shutter Snappers

By ALEXINE BANET

At last they have come into their own—these young men and women with the candid camera swinging jauntily from their shoulders. No longer are they teamed with such unattractive nicknames as "lens fiends" or "flash boys". The military organizations, the government, and even the ordinary citizen recognize the worth of the photographer and his work. North Side's Camera Club is one of the most valuable and important among our extracurricular activities. Learning the art of photography and operating the picture equipment for the class and auditorium films are the club's two chief activities.

Since its beginning the club has been very successful and has expanded greatly. Now, it has its own dark room and the club members are being taught to develop their own pictures by Miss Marian Bash, the club adviser, who is quite accomplished in all phases of this art.

As an example of the fine work the Camera Club students and Miss Bash have accomplished in sponsoring the educational film projects, over one hundred films, movies, and approximately fifty still films have been shown to the student body. For the still film project, the manager is Douglas Morris.

Camera Club has sponsored movies for the various clubs and shown pictures for special auditorium shows and for the guidance meeting. The committee for operating these special features is composed of Linton Crummons, chairman, and his assistants: Bob Whitehurst, Betty Eisenhut, Douglas Morris, Donald Scott, Betty Rombke. Joan Hille, Richard Lickey, Don Mahlan, Stan Thompson, Jerry Angell, Fred Ransbottom, and Richard Reighter.

Each year, the club sponsors several films to be shown as paid auditorium programs. This year the club presented the popular full length movies, "Alexander Graham Bell" and "Geronimo".

The officers of the club for the year were: Betty Eisenhut, president; Don Mahlan, vice-president; and Betty Rombke, secretary-treasurer. The program chairman was Joan Hille.

Social entertainment is also a part of the Camera Club's program. Twice each year, in the spring and fall, the club has a picnic, during which pictures are taken and the results collected as a hobby. An annual Christmas party and gift exchange are features of the Christmas meeting.

Top: Studying the parts of the camera and their functions with their adviser, Miss Marian Bash, are members of the Camera Club. Between The Bookends

By DAVE BENNINGHOFF

Browsing through books and magazines, holding round table discussions—these are just two of the many activities involving the literary-minded members of Helicon Club. In spite of wartime interferences, this organization, which is composed of those who enjoy the best of the book world, has again achieved its purpose—a deeper appreciation of literature.

The large and varied program of Helicon was under the direction of eight officers for the first semester: Alice Carlson, president; Donna Tibbitts, vice-president; Martha Dole, secretary; Loretta Worden, program chairman; Norma Day, treasurer; Betty Hartzell and Bob Northrop, social chairmen; Sidney Lyons, critic; and Connie Conklin, membership. With their work, and the careful supervision of Miss Mable Greenwalt and of Miss Mildred Huffman, the club successfully carried out its fall and winter schedule.

A dance was held December 10, after the Central game, under the general chairmanship of Betty Hartzell. During Christmas week, the club was divided into two committees; one, under the direction of Donna Tibbitts, visited the County Infirmary; the other committee, with Priscilla Fortmeyer as chairman, entertained with a Christmas party at the College Club Day Nursery.

Records of poetry, reviews of the latest non-fiction, and reports on humorous writers composed the regular programs. A Christmas party, at which a play was presented, was also given by the members. At the monthly December meeting Mrs. Mildred Moore was the guest speaker for the first semester schedule.

Officers for the second semester included Betty Hartzell, president; Lila Childers, vice-president; Doris Lare, program chairman; Lucille Lempke, membership chairman; Priscilla Fortmeyer, secretary; Dick Stonebreaker, treasurer; Margaretta Horner, publicity chairman; Jack Waggoner, critic.

Activities for the spring program included a discussion of humorists, a panel-discussion on post-war developments, and a spring tea at which Mr. Dan Sherwood, professor of English at Indiana University Extension, was the guest. The final meeting was a party that was given by the junior members in honor of the departing seniors.

As The Curtain Rises

By VIRGINIA ROBINSON

The stalwarts of the stage, the Lunts and Fontaines of the future—these answer to the roll call of North Side's only dramatic organization, the Student Players Club. Miss Margery Suter, the very capable adviser of this club, is responsible for the many fine plays and dramatic activities sponsored by the club and the school.

Boasting one of the largest memberships of any club in the school, S.P.C.'s monthly meetings give all the members a chance to try their talents behind the footlights.

Jack Summers served as president of the club during the first semester, Sheila Schomp acted as vice-president, and Priscilla Fortmeyer was secretary-treasurer for the entire year.

On October 14, Student Player members presented two one-act plays, "Jack" and "A Lovely Meeting." In the first play, the title role was taken by Jack Summers; the remainder of the cast included Jim Field, Jack Schick, Bob Laws, Hugh Russell, and Bill Richardson. An all girl cast was featured in the second play, which was a resume of a typical women's club meeting. The women were portrayed by such veteran S.P.C. members as Virginia Robinson, Mary Ann Dye, Nancy Saylor, Priscilla Fortmeyer, Margaretta Horner, Lois Reinking, Virginia Erne, Constance Conklin, and Norma Day.

"The Lost Church", a poignant and impressive Christmas play, was presented in the auditorium on December 17.

Climaxing a year of brilliant performances was the senior play, "The Girls Take Over," in which the romantic leads were taken by Gene Shambaugh and by Martha Dole. Others in the main cast were Margaretta Horner, Virginia McGahey, Priscilla Fortmeyer, Constance Conklin, Mary Ann Dye, Virginia Robinson, Suzanne Buckner, Jim Field, Dick Horning, and Jack Waggoner. Supporting roles were played by Sydney Lyons, James Ringle, Barbara Eversole, Phyllis Edwards, Doris Hofer, Nancy Saylor, Norma Day, and Sheila Schomp.

Officers for this last semester were elected in January. They are Barbara Eversole, president, and Norma Day, vice-president.

"Find and Give the Best" is a challenge as direct as all of the ideals of the Polar-Y Club of North Side. Polar-Y is a club for any girls who want to get truly the best out of life. "Polar" represents the North Side chapter of the association of Girl Reserves, the Y of which represents the Y.W.C.A.

Always striving for the best physically, mentally, and spiritually, Polar-Y is well known for its many generous enterprises. Contributing work to the Needlework Guild, filling Thanksgiving, Christmas, and Easter baskets, and doing extra work such as collecting crossword puzzles for servicemen at the U.S.O. are only a few examples of a year's service.

For the first semester this year the club was led by these officers, Nadine Waggoner, president; Marjorie Warner, vice-president; Betty Boegli, secretary; Constance Conklin, treasurer; Vergie Lewis, social chairman; Joan Schaberg, service chairman; Edith Zumbrun, pianist; Althea Berning, music chairman; Priscilla Fortmeyer, publicity chairman; Eleanor Evans, membership chairman. For the second semester, Betty Boegli, president; Vergie Lewis, vice-president; Marjorie Warner, secretary; Eleanor Evans, treasurer; Gene Ann Zimmerman, social chairman; Constance Conklin, music chairman; Priscilla Fortmeyer, publicity chairman; Barbara Widdifele, membership chairman; and Phyllis Meyer, point recorder.

The programs of Polar-Y are always both inspiring and interesting. Special services are held to mark Thanksgiving, Christmas, Easter, and Senior Farewell, and annually a Mother and Daughter tea is held. The home and the school are again brought into closer contact by this tea.

Miss Loraine Foster, Miss Marie Ehle, and Miss Geneva Burwell are the capable advisers of the club. The girls owe much of their success in the club to those advisers' sympathetic guidance.

Traditionally the Inter-Club Council of which the Polar-Y chapter officers are members, holds the dance after the final game of the Sectional Basketball Tourney, and this year the Council sponsored the affair. This fall, Polar-Y's Marjorie Warner was honored to be chosen president of this Inter-Club Council.

Bugs, Bones, and Botany

Look! There he goes down the street, net waving in the breeze. The dogcatcher? No, a member of the Nature Club. Another time he may be seen climbing a tree, digging fossils, sitting precariously on the remains of an old bridge gazing at a member of the Aves class (birds to the layman) or tenderly tying "Do Not Pick" signs on tiny flowers.

Nature Club has as its very capable advisers Miss Vesta Thompson and Mr. Howard Michaud. Their cooperation with the members throughout the year has enabled the completion of many interesting projects. At the first meeting when the new officers were chosen, Dick Blum was elected to the presidency of the club. Other officers elected at this time were Eunice Westbrook, vice-president; Iona Hamlett, secretary; Evelyn Aiken, treasurer; and Boyd Willoughby, point recorder. Fritz Aker acted as program chairman for the year.

Regular club meetings are held after school once a month in Room 210. One of the most enjoyable phases of the programs is the nature hikes that are taken when the weather permits.

At each club meeting programs are presented by one or more of the members. The topics of the discussions are varied—the more interesting talks are on various objects of the nature world.

Nature Club members learn to appreciate nature and are taught constructive ideas about the subject. Fritz Aker frequently showed the motion pictures that he had taken on the club's trips to McCormick Creek State Park and other places of interest.

The big event on the Nature Club's calendar was the after-game dance, held on December 12 in the cafeteria. A large crowd attended this affair for which Ted Habrakorn's orchestra furnished the music. The highlight of the dance was a jitter-bug contest. Winning this dance contest were Florence Gersham and her partner.

Nature Club is affiliated with the Junior Academy of Science.

The Band Played On

By BEVERLY CROWELL

There's something about martial music that builds up spirit—a victorious spirit that looks into a glorious future. Listening to our band at games, concerts, and assemblies inspires school patriotism and a new respect for both music and the band.

The North Side Band, formerly under the direction of Mr. Varner M. Chance, but now led by Mr. Robert F. Shambaugh, began its fall activities with a public concert. During the football season, the band played and performed on the field at the games. It also participated in the school Christmas program by playing rhapsodies and carols.

At the basketball games, the band formed a very prominent part of the cheering section when it played popular pieces, such as "Dinah," "Paper Doll," "Stardust," and "Smoke Gets in Your Eyes." In appreciation of this, the Booster Club presented the band with a sum of money which went toward buying new music.

In February, Ralph Clarke, the senior drum major, enlisted in the United States Navy.

This spring the band began giving concerts in the grade schools; the object of this was to create a greater enthusiasm for music.

Music Hath Charm

By NANCY SAYLOR

"Music", wrote Carlyle, "is well said to be the speech of angels." Although this cannot pass as a definition, it does serve to emphasize the difference between music and ordinary unharmonious sounds. Today, in this discordant world, peace must be sought in and through music. North Side's orchestra, under the very capable direction of Mr. Robert F. Shambaugh, acts as a guide to peace and harmony for our students.

The orchestra began its activities this year with a school concert on December 22. At this time, the lovely composition, "Christmas-tide", was played, and the entire student body took part in the program by singing many of the old familiar Christmas carols.

On February 11, an orchestra-choir con-

cert was given. The outstanding artist of this program was the brilliant guest violinist, Mrs. Sheldon Nelson, who played "Zigeunerweisen" by Sarasate, and "Schoen Rosmarin" as an encore.

The highlight of the season was the beautiful Easter Cantata, "The Redeemer", which was presented on March 24 and 25.

On February 22, the orchestra played "Russian Sailor's Dance" by Gliere for the Washington-Lincoln assembly. The group also played many varied selections for the Spring Festival which was presented on May 5 by all of the musical organizations.

On Commencement Day the seniors march out through the portals of North Side to the music of the North Side's orchestra.

Nothing means more to a group of young musicians than the knowledge that their music is both needed and appreciated. The North Side A Cappella Choir has had evidence of both these achievements during the past season. For although the choir was unable to take its usual out-of-town trips, it has been exceedingly busy and its activities have been significantly appreciated.

The opportunity of appearing with a group of professional artists was afforded the choir when they sang the Italian choruses from the opera "La Traviata," in conjunction with a group of singers from the American Civic Opera Company.

Christmas has always been the busiest season for the A Cappella and this year was no exception. The choir gave its annual Christmas programs for the Lions Club and the Rotary Club as well as musicals for other organizations. On Christmas morning the choir members drove to Baer Field to awaken the hospitalized soldiers with Christmas carols. One of the choir's most important opportunities was a series of sixteen radio programs, sponsored by Koerbers Jewelry Store.

A beautiful and impressive Easter cantata, "The Redeemer", by Clarence Dickenson, was presented March 24 and 25.

On April 21 and 22, the choir was host to a group of high school choirs and soloists from northeastern Indiana.

The annual Spring Festival, which was given by the A Cappella and Training Choir and the rest of the musical organizations and which was presented May 5, ended the musical season.

Quick! Clear the building! Phy-Chem is at work.

Among the various clubs at North Side, Phy-Chem is one of the most unusual. The members include those students who have taken or are taking physics or chemistry. The club is organized for the purpose of advancing scientific knowledge. Club activities and classroom work are very closely co-ordinated in the hope that students will have a better understanding of science and will wish to continue in this field of work.

Phy-Chem started out in high gear this year under the faithful guidance of Mr. Harold Thomas of the chemistry department and Mr. M. Sherman Pressler of the physics department. The officers elected at the first meeting of the year for the first semester were: president, Fred Hunter; vice-president, Bob Northrop; secretary, Barbara Eversole; treasurer, Sidney Lyons.

The monthly meetings of the club are made more interesting through the work of the program committee. At the December meeting, Mr. Pressler gave an interesting demonstration on sound and, at the same time, Mr. Thomas used chemistry as the subject for his lecture. During the next meeting the club has as guest speaker, Mr. Paul Bruener, who gave an absorbing talk and demonstration on war gases, their effects, and their detection as used by the Civilian Defense in Fort Wayne.

Various other demonstrations were given by the student members of club. The most outstanding of these were: the use of air pressure as a lie detector, the distillation of alcohol, how to make a smudge pot, explosions and metal alloys. Bob Northrop and Bob Stavenick gave a particularly interesting demonstration on the distillation of alcohol. Helen Jackson, Fred Hunter, and Sidney Lyons are other chem. enthusiasts who have added to the meetings with their demonstrations.

One of the more creative members of the club is Fred Hess, whose interest lies in the field of metals. Discovery of an alloy with a lower melting point than the rose metal was the result of his diligent work in the laboratory. Fred later gave a demonstration and a talk before the club concerning his alloy.

August—Thirty boys reported for the opening of the football practice season. Working in war plants and on farms kept some of the boys from practice.

September 10—Central's favored Tigers out-fought a courageous Indian team for a victory in the season's opener. It was a tough game, but a blocked kick and a long run by Ramsey accounted for all the scoring. The game ended 13 to 0, Central.

September 17—Continuing their rugged schedule the Dorntemen pounded out four touchdowns, while holding South Side to two first downs with 30 yards net by rushing and 23 yards through the air as they won, 27 to 0. Howie Treesh high-lighted this game with beautiful running and three touchdown runs.

September 24—The Mishawaka Cover-

men traveled to Fort Wayne to hand the victory hungry Redskins a 7 to 0 setback in the rain and mud. Penalties in the first half nullified two touchdowns for North Side.

October 1—It was time for another Dorntemen victory and they registered a win in city competition by overpowering the Irish, 26 to 0. Warming up for the Central game the Redskins practiced on aerial plays, with 2 scores coming in this manner. Bob Keim scored the other 2 on runs of 8 and 25 yards. It was Keim's great running that saved the day.

October 8—North Side completed seven of ten passes for 140 yards, in an aerial attack that gave the Redskins their first triumph over Central since 1940. Andrews to Hathaway, as a passing combination, clicked to great advantage, with two scores coming

in this manner and Keim running for the other score. Norm Pfeiffer, who suffered a broken leg in this tilt, was lost to the team for the remainder of the season. The boys went on to win for Norm, 20 to 14.

October 15—Spurred to win for Norm and Treesh from the Tiger victory the Reds took the Huntington Viking into camp, 27 to 0. It was Andrews' deadly left wing which either scored or set up the touchdowns. Bob Welklin scored 2 touchdowns, with Hanson and Hathaway each adding one.

October 20—Goshen, another powerhouse of the state, succeeded in halting the Redmen, 13 to 6. Bob Keim again sparked the Indians with his driving power. The score was 7 to 6, until just before the half when Goshen added the clincher.

October 30—That ten days rest didn't do the Reds any good as they failed to spring

a good offensive until it was too late. We fell before an underdog Archer squad which we had trounced previously.

November 5—After Elkhart had succeeded in drawing first blood, the Redskins tied the count on the following play after the Blue Blazer score, as Fernandis ran the kick-off back 90 yards for a tally, in one of the longest runs ever seen in high school football. The score then remained tied until the fourth quarter, when Keim and Hathaway added touchdowns to top Elkhart, 19 to 6.

November 12—Piling up the biggest margin of victory in all of the city competition, 44 to 0, North Side's Redskins trounced the Irish in a return game, scoring 7 touchdowns and finishing with some clowning, the Redskins (painted same) left little doubt of just how much strength there was on the 1943 edition of North Side's grid squad.

North Side's Redskins emerged from a long, hard-fought campaign with a none too impressive record of five wins and thirteen losses. The cagey Red netters played better ball than their season's record indicates, and with a few breaks on their side might have emerged with quite a few more victories.

November 27. Due to transportation difficulties Masonic Home was unable to play the Redskins in the annual season's opener. Nevertheless the Redskins opened the season by edging out a rugged Concordia quintet by a score of 54-51. Andrews was high for the Red with 18 points.

December 3. North Side in a very ragged ball game came out on the short end of a 46-26 score against the Laporte Slicers. The Redskins seemed to have fate against

them and they were only able to can 10% of their shots. Hinga managed to collect 10 points which made him high for the Red.

December 4. It appeared to be a new team that had taken the floor for the Redskins as they nosed Riley of South Bend in a thrilling ball game. Buesching and Andrews came through with 10 and 11 points respectively.

December 10. Using a revised lineup the Redskins were handed a 42-27 defeat by South Bend Central. Bill Laney, sophomore guard and the smallest man on the floor, was high point man for the Red with 9 points to his credit.

December 17. After a thrilling first half the Central Tigers emerged victorious in the first city series of the season. The Redskins proved to be troublesome during

the first half but Central came back in the last half and the final score was 47-32 with the Red on the short end.

December 23. Goshen edged the Redskins on their home court in a hotly contested ball game by a 38-35 count. The Red showed many signs of ability. Buesching and Andrews were high for the Red with 11 and 13 points, respectively.

January 7. North Side suffered their second loss in city series play at the hands of the South Side Archers on the Southern hardwood. Early in the third period the Green began to click and they slowly edged away. The final score was 41-26. Hinga contributed 11 points to the losing cause.

January 8. Bouncing back from their previous defeat by South Side the Redskins trimmed a weak Nappanee team 52-35. Andrews, Buesching, and Vogel led the Red in the scoring department with 16, 15, and 13 points, respectively.

January 14. Central Catholic's fighting Irish ripped apart the Redskins zone defense and completely trampled the Red by a score of 43-29. This was the Redskin's third city series loss in as many starts.

January 15. North Side was handed their fourth N.I.C. setback by a strong Mishawaka aggregation. After holding a half-time lead of 18-16, the Cavemen completely overwhelmed the Redskins and went on to a 60-33 win.

January 21. North Side, looking much better than usual, was finally nosed out by a strong Elkhart five. North Side held a 17-16 lead at half-time but after a nip and tuck second half, Elkhart finally emerged a 34-33 victor. Andrews managed to collect 11 points.

January 22. Again the Redskins were nosed out in a thrilling game. This time it was at Michigan City, 29-25. Hinga led the scoring with 12 points.

January 28. Trying to revenge their previous setback by the Central Tigers, the Redskins upset a favored Central team by

a score of 33-31. Andrews canned 12 points to be high man for the Red.

January 29. Apparently tired from the night before, the Redskins were unable to ignite a rally and finally succumbed to John Adams of South Bend, 28-25. The scoring was evenly divided. John Adams went through the Regionals in the State Tourney.

February 4. In North Side's last city series competition, the South Side Archers again defeated a determined Redskin squad. The game was close but South Side proved to be too much and won 36-33. Hinga pitched in 13 points for the North Siders.

February 5. Auburn proved to be too much for the Redskins as they bowed 48-26 at Auburn. Hinga fouled out in the first half and the Redskins were unable to come up with any scorers to match Auburn's well balanced attack. The game was ragged and rough throughout.

February 12. Finally the Redskins came through and they looked very impressive in downing Washington of South Bend, 42-36, for another N.I.C. triumph. Andrews led the Red attack with 16 points.

February 18. In the last game of the regular season, the Redskins were bumped

off by a strong Huntington quintet, 54-39.

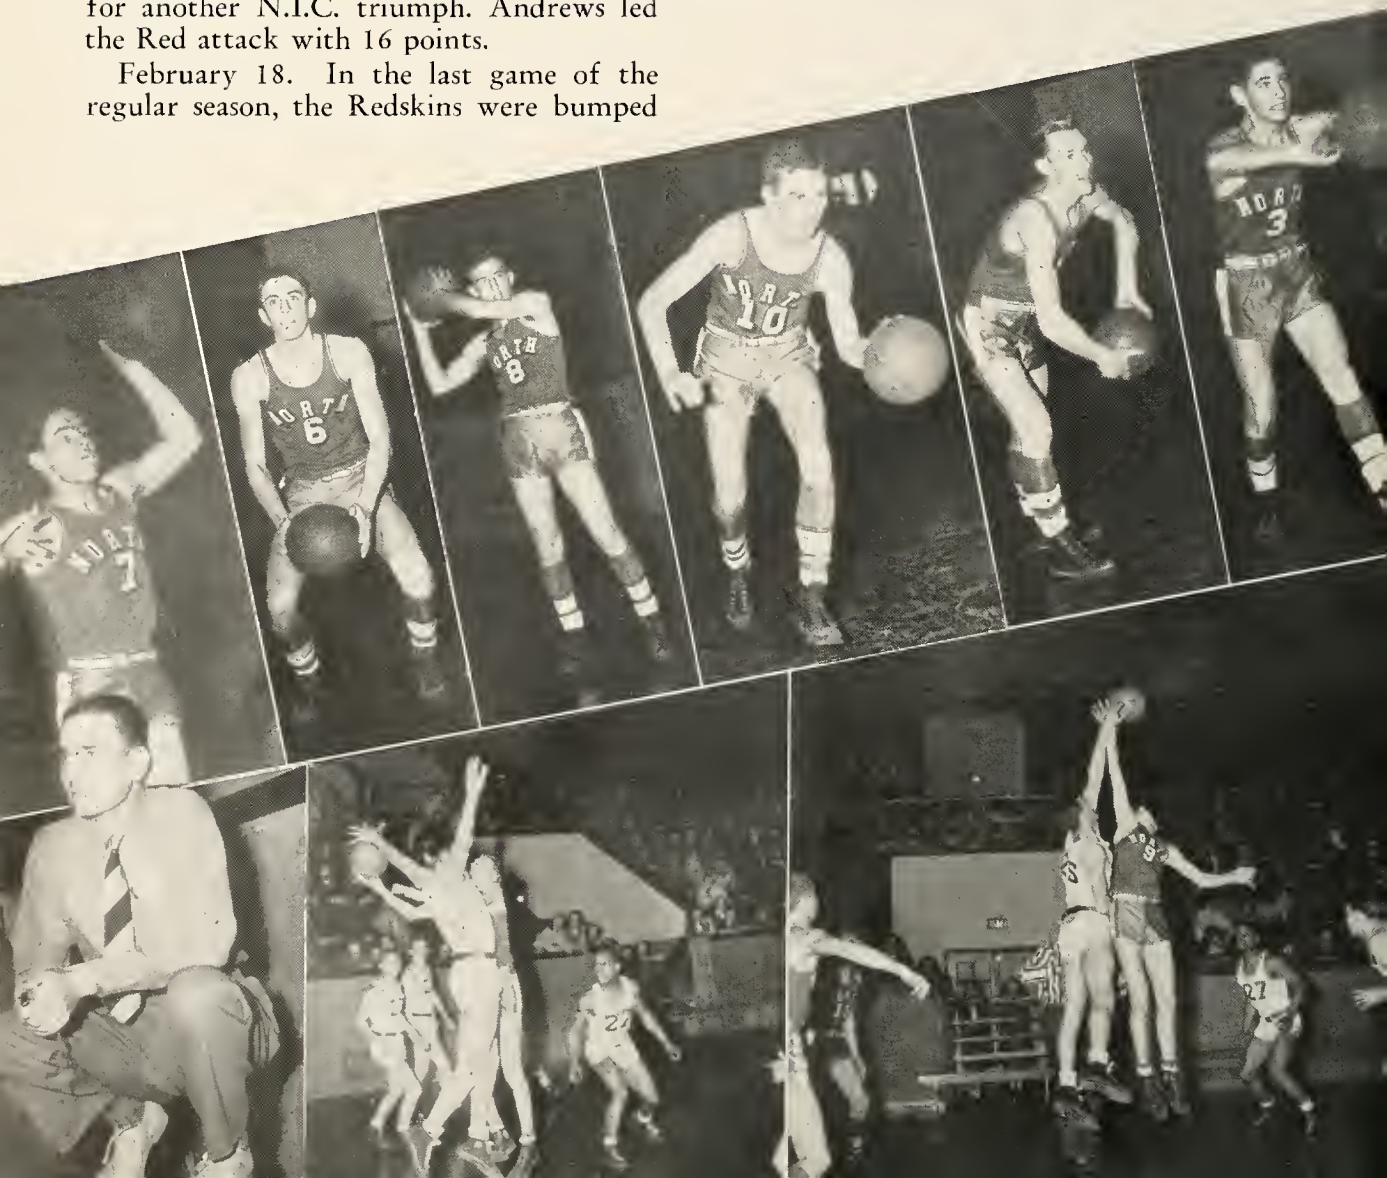

Sectionals. Showing signs of terrific power, the Redskins exploded at the expense of Hoagland in the opening game of the Sectional tourney and came out on the long end of 54-27. Bill Hinga was in fine form and contributed 14 of the winning points.

In the opening game of second round play, North Side came from behind in the last quarter to edge past the Huntertown Wildcats, 36-28. Big Junior Andrews netted 14 points which was high for the evening.

In the first game of the Saturday afternoon semi-finals, North Side bowed out to the South Side Archers, 39-27.

Louie Andrews, Bill Hinga, Herm Buesching, and Don Young are seniors and this was their last year in the togs of Red and White. Vogel, Todd, and Laney will be back and are hoping for a successful season next year.

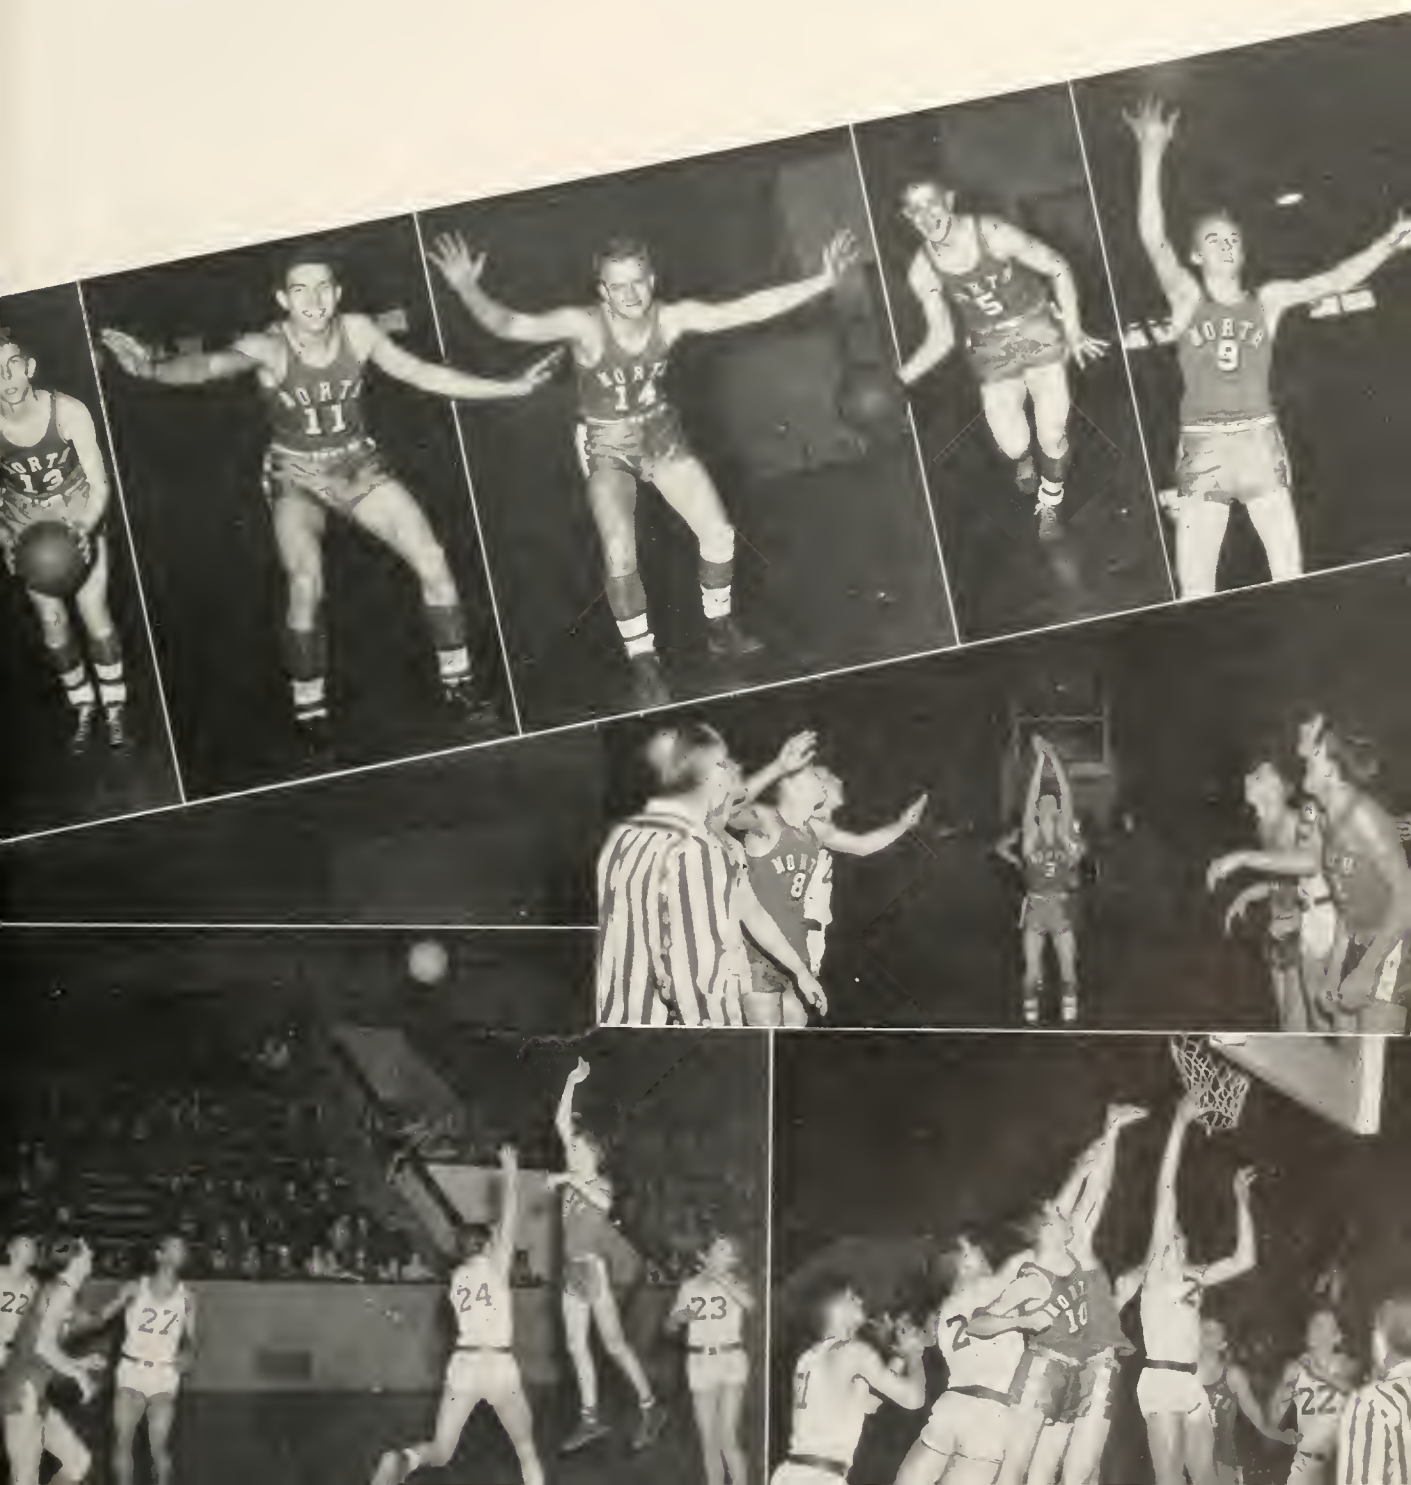

Louis Andrews was voted honorary captain of the basketball team, and also was elected president of the Letterman's Club.

Lloyd Vogel makes ready to put it through the hoop, Charles Todd raises his arms for a long forward pass, Louis Andrews goes down the floor for a basket, Bill Laney makes it on the rebound, Don Mahlan readies for the free-throw. Herm Buesching guards with a smile on his face. "One foot forward, and one foot back," is Don Young's technique of guarding a Tiger. Max Georgi brings the ball down to our end of the court. Bill Hinga adds two feet to his height as he jumps to recapture a lost ball.

Center, Right: The boys watch anxiously as Laney sends off a perfect free throw.

Bottom Row: Coach Dornte looks admiringly on his proteges. A tense moment to the fans as Hinga and opposing center jump ball. The battle completed, the ball goes to Lloyd Vogel. The fight under the basket rages on until Louie Andrews tips it into the ring.

Intramural sports!—the father of the North Side athletic system. In the past and in the future, many of North Side's best athletes rose and will rise to fame through the intramural system.

At the time of writing, the program for this year is still in full swing. The tennis season is yet to get underway, and Coach Noel Whittern and his boys are getting in early spring workouts. The annual home room basketball tourney is scheduled and the final intramural event will be the inter-class track meet.

One of the first events held this year was the intramural cross country meet. Fred Toenges captured the crown this year which has had winners like our great Ash Hawk. Don Douglas finished second in the event while Vearl Wright was third. Twenty boys participated in the 2.7 mile trek.

Principal event on the intramural program was the annual leaders tourney. The S. S. Archers, despite nine strong contenders, gained the coveted crown this year. Their strength was indicated by the fact that four of the Archer five went on to gain fame with the Redskin varsity. Members of the winning club were Herman Buesching, Dick Arick, John Kreig, Ed Hartman, and Frank Staley. Buesching and Young earned their letters in varsity competition; John Kreig will be back next year to show his wares. The Pirates were winners of the "B" division.

In class "A", the Tigers, a team composed of juniors, were runnerup to the title. Dick Rolwing, Don Mahlan, Charles Beatty, Carl Thiele, Don Carpenter, and Bill Stuts were the boys who carried the Tiger hopes.

The tourney was under the ever skillful direction of Mr. John R. Sinks, intramural athletic director.

State Champs Again

Coach Rollie Chambers times the relay team. Mr. Chambers is the director of North Side athletics and the coach of cross-country and of track.

Coach Rollie Chambers once again has an unbeatable champion cross-country squad. Rollie says the team is the greatest ever to run in the state of Indiana.

Because of the illness of Coach Chambers, the team started training under the direction of Mr. Loy Laney.

A Hoosier rule barred them from the National Prep School meet in New Jersey, but the Redskin's Warriors went to South Bend to show their power in the N.I.C. unofficial state meet.

Coach Chambers and his warriors won with Ash Hawk and Bill Kemp both breaking the record; Hawk's exceptionally fast time was 9:37. The team set a new score record of 36 points.

This makes 52 consecutive wins in the last 7 years. Coach Chambers and his warriors have won the Northern Indiana Conference meets each of the three years they have been a member.

A bright future lies ahead because Ash Hawk and Don Adams, captains, are the only seniors on the team. Bill Kemp, Lefty Whitacre, Dick Stalf, Jack Shick, Delbert Byerley, Walter Bauermeister, and the captains received letters.

Following a successful season in '43, the Redskin thinlies, with an impressive start, gave evidence of great results in 1944. Under Coach Rolla P. Chambers last season saw the Indians copping the state indoor title for the third successive time and then annexing the Southport and Kokomo Relays before a streak of 41 consecutive victories was snapped at the state meet.

With the Southport Relays looming as the next obstacle at this time of writing, only Hammond has been able to best the Chambersmen thus far. In addition, the Redskins hold outstanding marks in the state in most of the events and appear to have an outstanding chance to regain the state crown.

To open the indoor season the Red track squad administered a sound trouncing to the South Bend Central Bears, 67 to 32. At the South Bend Invitational Meet, the North Siders took second place, when Hammond nosed them 53 to 51½ for the state indoor title. In a dual meet, the same squad from Hammond came through with a 54 to 46 triumph.

Against city competition the Chambersmen proved their superiority once more, as

they secured victories over South Side, 60 to 49, and over Central by a count of 56 2/3 to 52 1/3. In the last meet before this writing, the Redskins edged past the Mishawaka Cavemen, 58 to 51. The obstacles still ahead include the Southport Relays, a dual meet with South Side, the Kokomo Relays, the NIC meets, and the sectional and state meets, with the thinlies having a very good chance to regain that state title.

Ash Hawk has established good times in the long distance events and Clancy Hanson in the pole vault are the best in the state. Ken Morrow, Charley Patterson, Lloyd Vogel, Wayne Kesler, Harold Ginther, Bill Kemp, and Lefty Whitacre are the mainstays of this highly successful team. All have done outstanding work in the various events and will be counted on again to form a strong nucleus for next year's team.

Ash Hawk, Harold Ginther, Clancy Hanson, and Don Adams are the only graduating seniors. Morrow, Patterson, Helmke, Vogel, Kesler, Stalf, Whitacre, Kemp, Poffenberger, Bullard, Munger, among others, will be back next year.

The Lettermen's Club has completed another year of activity. Because of war-time conditions, however, the Lettermen's dance and annual banquet were not held. Many athletes have been called to the Armed Services, and many more are engaged in vital defense jobs. Because of these conditions, the club had only one large meeting; this was for the election of officers.

Louis Andrews, president, was outstanding in football and basketball; Tom Deitschel, vice-president, gained recognition in football; Bill Hinga, secretary, starred in basketball.

The requirement for membership in this organization is the winning of a varsity N in one of the major sports—football, basketball, track, cross-country, or tennis.

The members of the club are easily recognized by their brilliant red sweaters, with the large white N on the front. The white stripes on the sleeve indicate the number of years that each athlete has been a member of the varsity. A gold stripe distinguishes

the captain from the other members of the team.

The members already in the Armed Forces include: Ray Chrzan, Harvey Hathaway, Manual Fernandis, Dick Mansfield, and Bob Keim; Louis Andrews, Tom Deitschel, Clarence Hanson, and Bill Hinga are on inactive duty with the Navy. These athletes will represent North Side in the "Great Battle", and their records at North Side prove their ability to come out on top. With this in mind, we can feel secure in the thought that the Lettermen's Club will continue its activities in the future.

The Lettermen wish to acknowledge their appreciation for the able guidance of Miss Julia Storr, Mr. Bob Dornte, and Mr. Rolla Chambers throughout the past year. Miss Storr has long been known as the mother of the North Side Lettermen. We, the Lettermen, of North Side, wish to thank her for all that she has done for us and we wish her many more years of happiness as the adviser to the club.

They Aim to Please

One of the unique organizations at North Side is the Rifle Club, which is a member of the National Rifle Association. This club, organized in 1930 under the guidance of Mr. Hyrle A. Ivy, was originally a team composed of eight or nine boys with a flare for shooting, but today it consists of one hundred and eleven members of either sex.

Due to the increased interest shown in this activity by the bobby-socks brigade, Mrs. Grace Bridges has accepted the responsibilities of co-leadership in this straight shooting group of students.

In the last election of the Rifle Club, Norman Johnston, who is holder of the highest honor attainable, The Distinguished Rifleman's Award, was elected president. Other officers for the scholastic school year were: Dick Blum, vice-president; Lila Lee Hanselman, executive officer; Jim Schwartz, secretary; and Stanford Thompson, treasurer.

The leading marksmen among the boys, besides Norman Johnston, are Dick Werling and Dick Blum who have earned excellent awards as expert riflemen. Several perfect scores, a rare oddity, have been achieved by Dick Werling and June Hartman.

Individuals who have distinguished themselves in the line of firing with the earning of bars and degrees as awards are the following: Lila Lee Hanselman, 3rd Bar; Tom Crosby and Carol Ruben, sharpshooters; Jim Renter, Jack Hays, Jack Rausch, and James Sordelot, marksmen 1st class; and Dick Reighter, 4th Bar. We may classify Don Scott, Dorothy Hays, Kathleen Breinizer, Joyce Pence, and Dora Lee Place among the other outstanding shooters.

All the gunmen in the national organization learn the sportsman's code. Its aim is to achieve greater safety and more humane ideals for riflemen. Strict observance of all the points in this code provides for greater safety and enjoyment to all those interested in shooting.

In war time the Rifle Club is of double importance for the training it offers to those who are about to be inducted; but in peace it has been developed to bring out qualities of sportsmanship.

Faculty advisers, Miss Margaret Spiegel and Miss Hilda Schwehn, get out their whistles to begin the first G.A.A. basketball game of the season.

First Row: R. Reynolds, J. Zimmerman, M. E. Crankshaw, G. Peters, B. Baumgartner, M. L. Dickerson, and M. Brown.

Second Row: I. Braun, J. Walborn, S. Gardiner, B. Reynolds, D. Boschet, and A. Berning.

Third Row: P. Brown, B. Lasch, R. Becker, M. Baerman, J. Bell, V. Fuhrman, Anita Berning, L. Becker, R. Tone, L. Hall and G. Kissinger.

Physical education and strong bodies are vital to the war effort—our government is so thoroughly convinced of this fact that today physical education is part of the required four-year curriculum. Wherever there are women in uniform, the value of this early physical training is clearly shown. But, war or no war, G.A.A. girls believe in the old adage of keeping healthy in order to acquire the attributes of a sound mind.

During the final banquet last spring, officers were elected to supervise activities of the Girls Athletic Association for the 1943-44 year. Lila Childers was honored by being elected president. Martha Hughes was chosen vice-president; Doris McKeefer, secretary-treasurer; and Dorothy Leining, point recorder; Vergie Lewis and Mary E. Crankshaw were chosen underclass representatives of their respective classes. The large and varied G.A.A. program has been carried out under the leadership of these officers and representatives and of the two capable advisers, Miss Margaret Spiegel and Miss Hilda Schween.

Biggest event of the girls athletic calendar is the G.A.A. Vod-Vil, which has come to be regarded as an annual school event. Supervised by Jessie Ormerod and Vergie

Lewis, the Vod-Vil played to a capacity crowd and was voted a huge success.

Another outstanding activity of the athletic department is the Water Carnival. This year, it was held on April 21 and Miss Spiegel again served as director. In keeping with present times the theme had a patriotic motif.

The G.A.A. banquet, held under the auspices of the juniors on May 10, served to bring to a close the major athletic activities of the year.

Closely co-ordinated are the extra curricular sports classes and the G.A.A. The classes serve to interest girls in the club and in its activities.

With volley-ball as the opening game, the athletic season started off with a bang. After a close decision the senior team was announced as the winner of the groups of contestants. The second sport of the mid-winter season was basketball.

To the surprise of sports fans, the junior basketball team came through with a victorious win over the senior team. Tumbling, softball, and track were the final sports activities of the year.

The significant code of G.A.A. is loyalty, sportsmanship, and health.
